

**HOT TEA BREAKS
A COLD—TRY THIS**

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of this Hamburg tea, pour a cup of boiling water upon it, put through a sieve and drink a teaspoonful at any time. It is the most effective way to break a cold and cure a cold. It opens the pores, relieves congestion, also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

**How Fat Actress
Was Made Slim**

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced two to four pounds a week by using this new form of the famous Marmola Prescription Tablets. By taking Marmola Tablets several times a year, keeps her weight just right. All druggists sell Marmola Prescription Tablets at one dollar for a large case. Or you can get them by sending a first order to Marmola Co., 4512 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.

**Eczema Caused Years
of Intense Agony**

"I have suffered intense agony from eczema on my leg and other parts of my body for years, and received only a few moments of relief from other preparations. It is only a month since I started to use PETERSON'S OINTMENT, and there is no sign of eczema or itching. You can refer to me," Geo. C. Talbot, 27 Penfield Street, Buffalo, N. Y. I've got a hundred testimonials says Peterson of Buffalo just as sincere and honest as this one. Years ago, when I first started to use out PETERSON'S OINTMENT, I made up my mind to give a big box for 25 cents, and I am still doing it, as every druggist in the country knows.

"I guarantee PETERSON'S OINTMENT because I know that its mighty healing power is marvelous. I say to every one who has a box that it is firmly guaranteed for eczema, salt rheum, old sores, ulcers, skin diseases, chafing, burns, scalds and sunburn and if not satisfactory any druggist will return your money." Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y., Peoples Drug Stores, and O'Donnell's Drug Stores, Inc. will supply you.

**TROPICS LURE
U.S. SCIENTISTS**

Dr. Hitchcock, of Smithsonian Staff, Heads Committee for South American Research.

Dr. A. S. Hitchcock, of the Smithsonian Institution, has been appointed chairman of the executive committee for the organization of an Institute for Research in Tropical America.

BREK BIOLOGICAL DATA.
The purpose of the institute will be to promote biological research in fauna, flora, geology, soils and climate, with reference to medicine, agriculture, forestry and fisheries, in the tropics of Central and South America.

Leading universities and colleges of America have designated members of their faculty to serve on the executive committee, and Dr. Hitchcock is receiving their appointments daily. The committee has been at work for some time on the various phases of the organization, and indications are that actual formation of the institute will soon be completed.

The Institutions in the United States which have already expressed their approval of the plan and have expressed the intention of actively participating in the work are the American Museum of Natural History, New York Zoological Society, the Smithsonian Institution, the Academy of Natural Sciences and the Commercial Museum, Philadelphia; Carnegie Museum, Pittsburgh; Field Columbian Museum, Chicago; Brooklyn Botanical Garden; National Geographic Society, Harvard and Yale Universities, Johns Hopkins, Pennsylvania, Michigan, Indiana, California and other universities.

DISTINGUISHED SCIENTISTS.
The temporary executive committee, in addition to Dr. Hitchcock, is composed of Dr. W. J. Holland, director of the Carnegie Museum; Dr. D. S. Johnson, professor of botany at Johns Hopkins; Dr. G. R. Lyman, of the American Phytopathological Society; and Prof. J. W. Toumey, director of the Yale Forestry School. A committee, of which Dr. Holland is chairman, is making a resume of

**ONE LITTLE TIMES AD
SELLS FOUR AUTOS
IN JIG TIME**

"Readers of The Times are automobile buyers. I say they are," said J. J. Slattery, jr., manager of the automobile store at 636 G street northwest, today.

"I put a six-line advertisement in the classified columns of The Times," continued Slattery, "saying I had four cars to sell. A few hours after the ad appeared more than thirty prospective buyers called at my establishment, and I not only sold those four cars, but several others. Not only did Washington people come to my store, write to me, and telephone me, but I got responses from prospective purchasers in Haverstown, Md., and other cities some distance from the National Capital. This convinced me that the classified columns of The Times are closely read by about every person into whose hands the paper gets, and I consider The Times classified columns the most effective and efficient in Washington."

The research work already accomplished in tropical America, to serve as a basis for the future operations of the institute, so that there will be no duplication of work. The plan for organizing the Institute for Research in Tropical America was originated with the division of biology and agriculture of the National Research Council of Washington. After the council had decided that this plan of co-operation by scientific institutions was worth encouraging, a conference was called to represent the various number of the interested institutions, who appointed the committee to begin the work of organization.

**SENTRY ACQUITTED
IN LANGDON KILLING**

Blame for U. S. Naval Officer's Death Is Placed on Troop Commander.

TOKYO, Feb. 22.—The Japanese sentry who shot and killed American Naval Lieut. William H. Langdon at Vladivostok several weeks ago has been found not guilty by the court-martial which tried him, according to advices reaching here.

The court-martial voted that the blame should be placed for the Langdon killing on the troop detachment commander at Vladivostok, who has been suspended.

Ambassador Shidehara's latest call at the State Department today gave rise to the belief in some quarters that the Japanese note now being forwarded to Washington by the American chargé d'affaires at Tokyo contains no mention of the fact that the Japanese government intends to take disciplinary action against the sentry responsible for the death of Lieut. Langdon.

The Ambassador told the department he had been instructed to say that the Japanese reply was delivered to the American Embassy at Tokyo yesterday. Mr. Shidehara stated he was further instructed to say that his government would take prompt steps to punish the soldier guilty of the unprovoked shooting of the naval officer. He added that he had not been informed of the contents of Japanese reply.

There was a tendency among some diplomats to infer from the Ambassador's communication that the note had not taken up the question of punishment for the soldier, and that the omission had been remedied through the instructions to Shidehara. Other officials saw in the Ambassador's call merely the fact that Japan to show in every way possible her deep regret for the incident and her intention of making amends.

In the absence of the text of the reply, State Department officials declined to express an opinion as to whether Japan's explanation would be satisfactory to this Government.

**GEORGETOWN CITIZENS
BAR WOMEN MEMBERS**

Indorse Tyler Plan to Increase D. C. Water Supply.

Women will not become members of the Georgetown Citizens' Association this year, according to a vote of the organization passed last night at a meeting in the Potomac Savings Bank building. The fight to exclude women from membership was led by B. A. Bowles, Albion K. Farris, and W. M. Douglas.

The extension of the public library system to include branches in various parts of the city was advocated by George F. Bowerman, librarian, who stated that the reason the library did not support the library now is because Congressmen did not form the library habit when they were young.

The association indorsed Major Tyler's \$8,000,000 project for increasing the water supply of the District.

**DOUGHERTY'S CARDINAL
RING ORDERED BY POPE**

ROME, Feb. 22.—Pope Benedict has ordered the papal jeweler to prepare the ring which he will present to Archbishop Dennis J. Dougherty, of Philadelphia, in the consistory of March 10 as a symbol of his becoming a member of the Sacred College.

The Pope is taking a personal interest to assure the correct engraving of Archbishop Dougherty's coat of arms on the back of a single sapphire, which will be set in solid gold.

**ENGINEERING COUNCIL
PURCHASES BUILDING**

The American Engineering Council, of which Herbert Hoover is president, yesterday purchased the building at 230 S street northwest. The ground and improvements constitute what is known as the Gale property. The house is a red brick structure, with white colonial trimmings and contains twenty rooms. The selling price of the building is understood to have been in the neighborhood of \$125,000.

**FEW FOLKS HAVE
GRAY HAIR NOW**

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that color in their hair have found shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications it also brings back the gloss and lustre and gives it an appearance of abundance.

For Stomach Agony

Ask Your Druggist About Mi-O-Na. It Gives Relief in Five Minutes.

Your druggist will tell you that Mi-O-Na is guaranteed to relieve quickly and safely upset stomachs, indigestion, or your money will be refunded.

Have you gas on stomach? Are you bilious, dizzy or nervous? Are you bloated, or put you right in a day, gives relief in five minutes. Now, dear reader, don't go on suffering with stomach trouble. Be fair to yourself; throw aside prejudice and try Mi-O-Na.

And money back if you don't say Mi-O-Na is worth its weight in gold. Sold by Peoples Drug Stores and leading druggists everywhere.

**HYOMEI
(LAWSON'S FRUIT-SALT)
Ends Cough or money back. You breathe it in. Outfit includes inhaler. Extra bottles at all druggists.****RHEUMATISM
LEAVES YOU FOREVER**

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony were intense and pitiable and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed Peoples Drug Stores to guarantee it in every instance.

666 will break a Cold, Fever and Grippe quicker than anything we know, preventing pneumonia
